

State of Community law concerning the internal market

- Situation at 15 April 1995 -

This is the annex to *The Single Market in 1995*. The report is available on AEI-EU as a separate document.

Notice

The contents of this document, entitled "State of Community law concerning the internal market", were previously included in the Annual Report on the Community internal market. Given the evolving character of Community legislation and continual changes in the state of national transposition of it, this information is now issued separately on a biennial basis.

This document does not have any official status and is intended solely as a guide to Community legislation concerning the internal market.

This report gives a full account of the situation regarding transposition of Community directives in the Member States of the Union as at 31 December 1994. Information provided to the Commission by the EFTA Surveillance Authority regarding transposition in Austria, Finland and Sweden only covers legislation included in the Agreement on the European Economic Area. The Commission has therefore contacted the countries concerned with a view to completing this information. Nevertheless, the data already in the possession of the Commission are included on an indicative basis.

Outline of contents

1. Proposals concerning the internal market put forward by the Commission and currently before the European Parliament and the Council or before the Council
2. Internal market measures adopted by the Community
3. Court of Justice decisions not implemented by Member States
infringement procedure initiated under Article 171 of the Treaty

Key

- Proposals marked with one asterisk (*) are listed in the White Paper
- In the right-hand column, proposals marked with two asterisks (**) are awaiting an opinion or first reading from the European Parliament; proposals not marked with one asterisk have been the subject of an opinion or do not require a first reading

For proposals subject to the cooperation or codecision procedure:

With the entry into force of the Treaty on European Union (TEU), the co-decision procedure on the basis of Article 189b of the EC Treaty was introduced. This co-decision procedure is characterised by an additional conciliation procedure, in the case where the cooperation procedure used on the basis of Article 189c of the EC Treaty has only four principal stages: first reading, common position, second reading and final adoption. Proposals subject to the co-decision procedure are adopted as legislative measures of the Council and the European Parliament.

- 1R indicates that Parliament has completed its *First Reading*
- CP indicates that a *Common Position* has been reached but that a second reading is awaited
- 2R indicates that the *Second Reading* has been completed
- R indicates that the common position has been *rejected* by the Parliament
- C indicates that the *conciliation procedure* is in course
- 3R indicates that the *Third Reading* has been completed
